# “Unleashing impact where change is needed.”

With experience, a strong network and genuine enthusiasm, I set people and projects in motion – targeted, effective, and with ease.

## Where strategy meets execution

You sense the potential of an idea – but the daily grind leaves no room to pursue it? Or perhaps you want to finally turn sound analysis into concrete action?

That's where ExploreSolutions comes in. As your equal partner, I

- analyze business potential,
- develop strategic initiatives,
- kick-start pilot projects, and
- take responsibility during transition phases.

## Services & Focus Areas

### Why ExploreSolutions?

I bring momentum to complex contexts – with a clear view, fresh impulses and personal commitment.

No off-the-shelf concepts, no shelfware. Instead:

- **Authentic, in real contact** – clear and honest
- **Sustainable development that lasts**
- **Steps that are understood, embraced and lived**
- **An unclouded external perspective that reveals what really matters and makes the new visible**

#### Business Analyse & Strategie

Turning vision into impact:

I translate complex requirements into actionable steps, develop forward-looking concepts, and implement them – bridging disciplines, levels and perspectives.

- Reality checks & concept development with diverse viewpoints
- Project management with an eye and feel for structures and people

#### Team Development & Leadership Coaching – C-Level Sparring Partner

Evolving leadership in a tangible way – through presence, clarity and depth. Without cookie-cutter methods, I make relevant issues visible, foster real growth, and sustainably strengthen teams and leaders.

#### Change-Management

Change that carries people along:

With clarity, participation and orientation, I create motivation instead of overwhelm – backed by coaching & Gestalt training.

#### Interimsmanagement

Stepping in when it matters:

I guide teams safely through transitions, create stability, and ensure they emerge stronger from every phase.
